### Saji Mangadath Apartment Owner

"I had booked a home in the Haritha Apartment project a while ago. And till date my experience in dealing with the various functionaries in Haritha group has been really pleasant. All the personnel I have interacted with have been extremely professional and have helped me in various fronts right from the home loan sanction/fund release to honoring the modifications suggested in my home. The whole experience so far has been stress-free thanks to their professionalism"

### Gouthaman Villa Owner

"I had pleasant and satisfying experience with Haritha while building my Villa in the beginning of 2006. Haritha has been very responsive in understanding and managing my requirements. They were also very transparent in the paper work & pricing. Over the years, Haritha has fulfilled the promises in delivering the common facilities, garden, swimming pool and other amenities".

### Dr. Pradeoth Apartment Owner

"Of the two prizes of life's journey, truth and beauty, may the first be attained through the labor in service of the dis-eased and the second through the effort of the creators of Haritha Homes who made a genuine attempt to blend nature with modern life. My family friend, Mr. Rajeev, introduced me to the technical advisor of Haritha Homes, Mr.K.A.Chandran. I was impressed by the transparent dealings of the visionaries of haritha homes. Being the part of the community of Haritha Homes, the nature of Haritha serves peacefulness and paves the path towards eternity".
